Pope Jai Thai

From The Heart, For A Cause

'Pope' means 'Satisfy', 'Jai' means 'Heart'.

Pope Jai Thai - From the Heart , For a Cause, is a casual Thai dining restaurant dedicated to serve good and affordable comfort food in a safe and inclusive environment. First started out as a humble food stall in 2012, over the last few years we have grown from strength to strength, eventually moving to our current premises at SCAPE in 2017.

Our restaurant at SCAPE has a seating capacity of 110pax. We are able to host corporate and private functions, workshops, baby showers, birthday parties and various other events. We also conduct workshops such as sign language, learning journeys and an experiential session —“See the Able, Not the Label” where attendees get to try out doing things with certain senses “impaired”.

We empower individuals by providing a whole suite of relevant F&B training skills and employment in a real work environment. We employ from eight different beneficiary groups —these form 90 percent of the staff in our restaurant: persons with special needs, physical disabilities, mental health issues, the hard of hearing/deaf, the visually-impaired, youth-at-risk, vulnerable and the disadvantaged.

Adopting design thinking, our company utilises a simplified redesign model to constantly innovate solutions that enhance productivity for all employees, while at the same time assisting employees who face challenges in their daily routines. One of our innovations is a unique light bell system that lights up to notify employees that there is a new order. Other support materials we have introduced include customised chopping boards with templates to ensure consistency in cutting.

Pope Jai Thai is also a guide-dog friendly and wheelchair-friendly restaurant.
